### ***Desde el Escritorio del Alcalde***

---

Estimado vecino,

Probablemente ya será de su conocimiento, que nuestra ciudad se ha convertido en líder a nivel estatal en responsabilidad ambiental. Este verano se comenzara la construcción de

la calle verde de Decatur - una mejora importante a nuestra calle principal residencial que no la hará hermosa, pero mantendrá contaminantes peligrosos fuera del río Anacostia, entre muchas otras innovaciones (usted puede leer más sobre el proyecto en nuestra página de internet [www.porttowns.org/edmonston](http://www.porttowns.org/edmonston) y luego al enlace "Green Street").

Sin embargo, el gobierno es solamente parte de la ecuación en convertir nuestra comunidad ambientalmente responsable. Todos los residentes juegan un papel importante. Cada cosa que compramos y cada acción que realizamos tienen impacto. Espero que todos podemos comprometernos en vivir de manera más atenta a nuestro planeta.

A continuación encontraras un resumen en Ingles de algunas sugerencias provenientes de la página de web [www.storyofstuff.com](http://www.storyofstuff.com). La misma ofrece una corta película informativa (y divertida). Animamos usted, y a su familia visitarlo, a igual adoptar las sugerencias como parte de nuestra vida de comunidad.

Su alcalde,

Adam

***From the Mayor's Desk***

---

Dear Neighbor,

As you probably know, our town has become a statewide leader in environmental responsibility. Construction will begin this summer on the Decatur Green Street - a major improvement to our main residential street that will not only be beautiful, but will keep dangerous pollutants out of the Anacostia River, among many other

innovations, (you can read more about our project at [www.porttowns.org/edmonston](http://www.porttowns.org/edmonston) and click on the 'green street' link).

However, government is only part of the equation for making our community truly environmentally responsible. All residents must play a part. Each thing we buy, and every action we do has an impact. I hope that each of us can pledge to live in a way that is more mindful of our planet.

The suggestions below come from a wonderful website, [www.storyofstuff.com](http://www.storyofstuff.com), which features a short movie that is informative (and funny). I encourage you and your family to check it out, and help make these suggestions part of our community life.

Your Mayor,

Adam

**10 Little and Big Things You Can Do, (summary) from** website "The Story of Stuff" ([www.storyofstuff.com](http://www.storyofstuff.com)), written by Annie Leonard:

**1) Power down!**

A great deal of the resources we use and the waste we create is in the energy we consume.

**2) Waste less.**

Per capita waste production in the U.S. just keeps growing.

**3) Talk to everyone about these issues.**

At school, your neighbors, in line at the supermarket, on the bus.... Talking about these issues raises awareness, builds community and can inspire others to action.

**4) Make Your Voice Heard.**

Write letters to the editor and submit articles to local press.

**5) Detox your body, Detox your home, and Detox the Economy.**

Many of today's consumer products – from children's pajamas to lipstick – contain toxic chemical additives that simply aren't necessary. Research online before you buy to be sure you're not inadvertently introducing toxics into your home and body.

**6) Unplug (the TV and internet) and Plug In (the community).**

The average person in the U.S. watches T.V. over 4 hours a day. Four hours per day filled with messages about stuff we should buy. That is four hours a day that could be spent with family, friends and in our community. A strong community is also critical to having a strong, active democracy.

**7) Park your car and walk...and when necessary MARCH!**

Driving less and walking more is good for the climate, the planet, your health, and your wallet.

**8) Change your light bulbs ...and then, change your paradigm.**

Changing light bulbs is quick and easy. Energy efficient light bulbs use 75% less energy and last 10 times longer than conventional ones. To really turn things around, we need to nurture a different paradigm based on the values of sustainability, justice, health, and community.

**9) Recycle your trash...and, recycle your elected officials.**

Recycling saves energy and reduces both waste and the pressure to harvest and mine new stuff.

- 10) **Buy Green, Buy Fair, Buy Local, Buy Used, and most importantly, Buy Less.** Shopping is not the solution to the environmental problems we currently face because the real changes we need just aren't for sale in even the greenest shop. When you can, buy local products from local stores, which keep more of our hard earned money in the community. Buying used items keeps them out of the trash and avoids the upstream waste created during extraction and production. But, buying less may be the best option of all. Less pollution. Less Waste.

## A Message from the Chief

The Edmonston Police Department is now pleased to offer crime prevention security inspections to Edmonston residents. **Officer Shameka Graddy** of the Edmonston Police Department recently completed a course of instruction on residential security provided by the Maryland Crime Prevention Institute.

Make an appointment with Officer Shameka Graddy and she will respond to your residence and perform a crime prevention safety inspection.

She will tell you if you need additional locks, lighting or other changes that will help you protect your property. You will be provided with a written copy of suggestions that will help to safeguard your home from crime. For further information please call Officer Graddy at 301- 699-8805

## CONGRATULATIONS to Ms. Carmelita Ramirez of the Edmonston Police

Department on her appointment to the position of Code Enforcement Officer! The police department has added a second Code Enforcement Officer to its staff and Carmen was selected and appointed to this position.

The Town of Edmonston applied for and received funding from the Community Development Block Grant Program, to add an additional Code Enforcement Officer with the purpose of revitalizing the Town.

Carmen Ramirez was selected from a pool of 10 applicants that applied for this position. Her bilingual abilities coupled with her experience and knowledge of Edmonston's

administrative procedures and our residents makes her an excellent choice for this position.

Ms. Ramirez was formerly our Police Clerk where she performed her duties in exemplary fashion. Our residents and business owners may know Carmen Ramirez if they have ever had a reason to come to Town Hall. Look for Ms. Ramirez as she patrols the town.

## ¡FELICITACIONES al Sra. Carmelita

**Ramírez** del Departamento del Policía de Edmonston por su nombramiento a la posición del Oficial de Aplicación del Código! Nuestro

departamento del policía ha agregado un segundo Oficial de la Aplicación del Código a su personal y seleccionamos a Carmen para dicha posición.

La ciudad solicita fondos adicionales al Programa de Desarrollo de la Comunidad. Las mismas fueron otorgadas para así poder añadir al segundo oficial, con el fin del encaminarnos hacia la revitalización de nuestra ciudad.

Carmen Ramírez fue seleccionada de un grupo de 10 aspirantes que habían solicitado esta posición. Sus capacidades bilingües, su experiencia y conocimiento tanto de los procedimientos administrativos y como de nuestros residentes hacen que ella sea la mejor opción para este puesto.

Ms. Ramírez era antes nuestra asistente administrativa del departamento, sus labores y deberes fueron realizadas de la manera ejemplar. Tal vez algunos ya la conocen si han tenido alguna razón de venir a la alcaldía. Busquen a Sra. Ramírez mientras este patrullando la ciudad.

## **Loud Music, Loud Parties**

Its 11:00 PM on 4<sup>th</sup> of July weekend and you are having a party. You have 100 of your closet friends over and your stereo or band (Hopefully not) is playing so loud that they can hear you in Hyattsville and Riverdale. The police come to your door and ask you to turn it down. You agree but as you head out to the back yard to visit some more with your friends, someone else turns the music back up to eardrum shattering level and the neighbors start complaining again. What can you expect?

The Town of Edmonston Police Department wants you to enjoy your party and have a good time. We are also committed to the preservation of peace and good order in our community. If the Edmonston Police receives calls for loud music, loud parties or other noise complaints we will respond. This is how we will handle it.

The first time we respond to your residence we will ask you to lower the music. We will respond a couple of more times and do the same. If we respond more than three times in the same night to one residence (or business) for excessively loud noise or music we will likely issue a citation or make a physical arrest. We will also request neighboring police departments to accompany us to the residence and order the party closed and escort all persons from the residence. Please don't let this happen to you.

I wish you a safe and enjoyable summer and ask you to work with the Edmonston Police Department by having reasonable parties that do not disturb your neighbors.

If you are unsure of what is allowed please contact the Edmonston Police Department at 301-699-8805.

## **Música Ruidosa, Fiestas Ruidosos**

Son las 11:00 P.M. del 4 de fin de semana de julio y usted tiene una fiesta. Usted como tiene 100 amigos en su hogar y su estéreo o banda (esperemos que no) está tocando excesivamente alto que pueden ser oído en Hyattsville y Riverdale. La policía viene a su puerta y le pide que usted que baje el volumen. Usted acede pero mientras usted se dirige a compartir con las amistades nuevamente, pero otra persona la vuela a subir los vecinos comienzan a quejarse otra vez. ¿Qué puede usted esperar?

El Departamento del Policía desea que usted disfrute su fiesta y pase un rato agradable. A igual que estamos comprometidos con la preservación de la paz y orden en nuestra comunidad. Si recibimos llamadas de música alta, fiestas ruidosas u otras quejas del ruido responderemos. Serán atendidas de esta forma.

La primera vez que respondemos a su residencia pediremos que usted baje la música. De esta misma forma se atenderá en 3 ocasiones. Ahora bien si tenemos que responder una 4ta ocasión, la misma noche a una residencia (o al negocio) para el ruido o música excesivamente fuerte se le dará una citación y/o pueden ser arrestado. También solicitaremos ayuda a otros departamentos de policía cercanas acompañarnos a la residencia para a paralizar la fiesta y escoltar a todas las personas de la residencia. No deje por favor esto sucederle.

Le deseo un verano seguro y agradable y pido que usted trabaje con el departamento del policía de Edmonston teniendo fiestas razonables que no incomoden a sus vecinos. Si usted es inseguro de lo permitido, por favor comuníquese con nosotros 301-699-8805.
